

# Safety Data Sheet

## X-Press It Glue Tabs

### Section 1 - Identification of the material and supplier

**Product Name** Glue Tabs Permanent, Glue Tabs Removable  
**Manufacturers Code** GLT1080P, GLT1080R  
**Product Description** **Glue Tabs** are a solid clear gel adhesive square used for sticking surfaces together. Permanent **Glue Tabs** have a high tack strong bond and produce a destructive hold over time. Removable **Glue Tabs** have a good initial tack and can be removed without residue from most surfaces.  
**Recommended Uses** Adhesive for office, art, craft or school application.

### For Further Information

**Company** X-Press Graph-X Supplies Pty Ltd  
**ABN** 18 593 169 451  
**Phone** +613 9585 4455  
**Fax** +61 3 9585 4453  
**Address** 40 Taunton Drive, Cheltenham VIC 3192 Australia  
**Email** info@xpressgraphx.com.au  
**Web Site** www.xpressgraphx.com.au

### Section 2 - Hazards identification

**Safe Work Australia Criteria Classification** While this material is considered Non - hazardous by OSHA Hazardous Communication Standard (29) CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

**Classification of the substance or mixture** Not Classified  
**GHS Label Elements** -  
**Signal Word** No signal word  
**Hazard Statement** No known significant effects or critical hazards.  
**Precautionary Statements – general** Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.  
**Precautionary Statements – prevention** Not applicable  
**Precautionary Statements – response** Not applicable  
**Precautionary Statements – storage** Not applicable  
**Precautionary Statements – disposal** Not applicable  
**Other Hazards not otherwise classified** No hazards identified

### Section 3 - Composition/information on ingredients

<u>Substance</u>	Substance		
<u>Mixture</u>			
<b>Chemical Name</b>	<b>CAS No.</b>		<b>Weight-%</b>
Thermoplastic Rubber	25038-32-8		20-38%
Tackifier/Petroleum Resin	64742-16-1		35-66%
Base Oil	72623-87-1		6-17%

### Section 4 - First Aid Measures

#### **Description of first aid measures**

**General Advice** Show this safety data sheet to the doctor in attendance. IF exposed or concerned: Get medical advice /attention  
**E Telephone number** Poisons Information's Centre Australia 131126  
**Inhalation** Remove to fresh air. Keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.  
**Skin Contact** Flush contaminated skin with plenty of water. Get medical attention if symptoms occur.  
**Eye Contact** Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lens. Get medical attention if irritation occurs.  
**Ingestion** Clean mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

# Safety Data Sheet

## X-Press It Glue Tabs Glue

### Most Important Symptoms and effects, both acute and delayed

#### Potential acute health effects

<b>Eye Contact</b>	No known significant effects or critical hazards
<b>Inhalation</b>	No known significant effects or critical hazards
<b>Skin Contact</b>	No known significant effects or critical hazards
<b>Ingestion</b>	No known significant effects or critical hazards

#### Over-Exposed signs/symptoms

<b>Eye Contact</b>	No known significant effects or critical hazards
<b>Inhalation</b>	No known significant effects or critical hazards
<b>Skin Contact</b>	No known significant effects or critical hazards
<b>Ingestion</b>	No known significant effects or critical hazards

### Indication of any immediate medical attention and special treatment needed

**Note to doctors** Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been inhaled or ingested.

**Specific Treatments** No Specific Treatment

**Protection 1st aiders** No action shall be taken involving any personal risk or without suitable training.

### Section 5 - Fire fighting measures

**Suitable extinguishing media** Use extinguishing appropriate to the surrounding fire.

**Unsuitable Extinguishing Media** None Known

**Hazards that develop from the chemical during the fire** No specific fire or explosion hazard

**Recommendations on special actions for firefighters** No special measures required

**Recommendations on special protective equipment for firefighters** Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

### Section 6 - Accidental release measures

#### Personal precautions protective equipment and emergency procedures

**For Non-emergency personnel** No action shall be taken involving any personal risk without suitable training. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.

#### For emergency responders

Take note of any information in section 8 for suitable and unsuitable materials, see also the information in the paragraph above, Non emergency personell.

**Environmental precautions** Avoid dispersal of material and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil, air)

#### Methods and material for containment and cleaning up

**Small Spill** Collect material and place in a designated, labelled waste container. Dispose of via a licensed waste disposal contractor.

**Large Spill** Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designate, labelled waste container. Dispose of via a licensed waste disposal contractor. Note: see section 1 for emergency contact information and section 13 for waste disposal.

### Section 7 - Handling and storage

Avoid contact with eyes. Wash thoroughly after handling. No smoking, open flames or sources of ignition in handling and storage area. Good housekeeping and controlling of dusts are necessary for safe handling of product. Electrically bond and ground all containers, personnel and equipment before transfer or use of material. Keep away from heat, sparks and flame.

See Section 8, EXPOSURE CONTROLS AND PERSONAL PROTECTION.

**Advice on Safe Handling** Handle in accordance with good industrial hygiene and safety. Avoid contact with skin, eye or clothing. Ensure adequate ventilation in case on insufficient ventilation. Wear suitable respiratory equipment. Do not eat, drink or smoke. Take off contaminated cloth and wash before reuse.

# Safety Data Sheet

## X-Press It Glue Tabs Glue

**General Hygiene Considerations** When using do not eat, drink or smoke. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling. Keep away from food, drink and animal feeds stuffs. Do not eat or smoke when using this product. Wash hands before breaks and immediately after handling the product. Wash hands before breaks and after work.

### Conditions for safe storage, including and incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of reach of children. Keep from freezing. Store in accordance with good manufacturing practices. See Section 10 for more specific information

**Incompatible Materials** None known based on information supplied.

### Section 8 - Exposure controls/personal protection

**Control parameters/Occupational exposure limits** None

**Appropriate engineering controls** Good general ventilation should be sufficient to control worker exposure to airborne contaminants. Ensure adequate ventilation, especially in confined areas.

**Environmental exposure controls** Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation.

#### **Individual protection measures Hygiene measures**

Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

**Eye/face protection** Tight fitting Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

**Skin protection Hand protection** Chemical, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

**Body protection** Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Other skin protection** Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Respiratory protection** Use a properly fitted, particulate filter respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must in accordance with AS/NZS 1715 and AS/NZS 1716

**Environmental Exposure Controls** No information available

### Section 9 - Physical and chemical properties

<u>Property</u>	<u>Value</u>
Physical State	Soild
Colour	Transparent
Odour	No Characteristic Odour
Odour Threshold	NA
pH (in water)	Approx 7
Boiling point	NA
Melting Point	125°C softening point
Flash point	NA
Evaporation rate	NA
Flammability (solid, gas)	Non-Flammable
Lower and upper explosive	NA

# Safety Data Sheet

## X-Press It Glue Tabs Glue

<b>Flammability Limit in Air</b>	
Upper flammability limit	NA
Lower flammability limit	NA
<b>Vapour pressure</b>	NA
<b>Vapour density</b>	NA
<b>Relative density</b>	0.97
<b>Water solubility</b>	Not Soluble in Water
<b>Solubility (ies)</b>	Not Soluble in Water
<b>Partition coefficient</b>	NA
<b>n-octanol/water</b>	NA
<b>Auto-ignition temperature</b>	NA
<b>Decomposition temperature</b>	NA
<b>Kinematic Viscosity</b>	NA
<b>Dynamic Viscosity</b>	NA
<b>Explosive Properties</b>	NA
<b>Oxidising Properties</b>	NA
<b>Viscosity</b>	NA
<b>Volatility</b>	NA
<b>Solids</b>	100%

### OTHER INFORMATION

**VOC Content (%)** No information available

**Density** No information available

\* This information may be derived from the companies in the preparation.

### Section 10 - Stability and reactivity

**Reactivity** No specific test data related to reactivity available for this product or its ingredients. The product is stable.

**Chemical stability** Under normal conditions of storage and use, hazardous reactions will not occur.

#### Explosion Data

Sensitivity to mechanical impact. None.

Sensitivity to Static Discharge. None

**Possibility of hazardous reactions** Under normal conditions of storage and use, hazardous reactions will not occur.

**Conditions to avoid** No specific data.

**Incompatible materials** No information available

**Hazardous decomposition products** Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### Section 11 - Toxicological information

#### Information on toxicology effects

**Acute Toxicity** There is no data available

**Irritation/Corrosion** There is no data available

**Sensitization** There is no data available

**Carcinogenicity** There is no data available

**Specific Target Organ toxicity (single exposure)** There is no data available

**Specific Target Organ toxicity (repeated exposure)** There is no data available

**Aspiration Hazard** There is no data available

**Information on likely routes of exposure** Dermal contact. Ingestion

#### Potential Acute health effects

**Eye Contact** No known significant effects or critical hazards

**Inhalation** No known significant effects or critical hazards

**Skin Contact** No known significant effects or critical hazards

**Ingestion** No known significant effects or critical hazards

#### Symptoms related to the physical, chemical and toxicological characteristics

**Eye Contact** No known significant effects or critical hazards

**Inhalation** No known significant effects or critical hazards

**Skin Contact** No known significant effects or critical hazards

**Ingestion** No known significant effects or critical hazards

# Safety Data Sheet

## X-Press It Glue Tabs Glue

### Delayed and immediate effects and also chronic effects from short and long term exposures – Short Term

**Potential & Immediate** No known significant effects or critical hazards  
**Potential delayed** No known significant effects or critical hazards

### Delayed and immediate effects and also chronic effects from short and long term exposures – Long Term

**Potential & Immediate** No known significant effects or critical hazards  
**Potential delayed** No known significant effects or critical hazards

### Potential Chronic health effects

**General** No known significant effects or critical hazards  
**Carcinogenicity** No known significant effects or critical hazards  
**Mutagenicity** No known significant effects or critical hazards  
**Teratogenicity** No known significant effects or critical hazards  
**Developmental effects** No known significant effects or critical hazards  
**Fertility effects** No known significant effects or critical hazards

### Numerical measures of Toxicity

**Acute toxicity estimates** No known significant effects or critical hazards

### Section 12 - Ecological information

**Toxicity** There is no data available  
**Persistence and degradability** There is no data available.  
**Bio accumulative Potential** There is no data available  
**Mobility in soil Soil/water partition coefficient (KOC):** Not available.  
**Other adverse effects:** No known significant effects or critical hazards

### Section 13 – Disposal Considerations

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Since empty containers retain product residue, follow label warnings even after container is emptied.

Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Observe all labels precautions until container is cleaned, reconditioned or destroyed. Refer to all federal, state and local regulations prior to disposal of container and unused contents by reuse, recycle or disposal.

### Section 14 - Transport information

**ADG** Not regulated for transport

**Classification for SEA transport (IMO-IMDG):** Not regulated for transport

**Transport in bulk according to Annex I or II of Consult IMO regulations before transporting ocean bulk MARPOL 73/78 and the IBC or IGC Code** No information available

**IATA** Not Regulated

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service

representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.

# Safety Data Sheet

## X-Press It Glue Tabs Glue

### Section 15 - Regulatory information

#### Safety, health and environmental regulations/legislation specific for substance or mixture

##### Nation Regulations

**Australia** Not classified as dangerous goods in accordance with the Australian Code for Transport of Dangerous Goods by Road Rail (ADG). Not classified as a hazardous substance in accordance with the criteria of Safe Work Australia-Globally Harmonised System (GHS). See section 8 national exposure control parameters

##### Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Classified as a scheduled poison according to the standard from the Uniform Scheduling of Medicines and Poisons (SUSMP)

##### Poison Schedule

**Major Hazard (accident/incident planning) regulation**

##### International Inventories

**AICS** Australian Inventory of chemical Substances Listed or exempt

**DSL** Canadian Domestic Substances List No information available

**IECSC** China Inventory of Existing Chemical Substances No information available

**EINECS/ELINCS** European Inventory of Existing Chemical Substances/ European List of Notified Chemical Substances No information available

**ENCS** Japan Existing and New Chemical Substances No information available

**KECL** Korea Existing and Evaluated chemical Substances No information available

**NZioC** New Zealand Inventory of Chemicals Listed or exempt

**PICCS** Philippines Inventory of Chemical Substances No information available

**CICR** Turkey Chemical Inventory Control Regulations No information available

**NCSR** Taiwan National Chemical Substances Registry No information available

**TSCA** United States Toxic Substances Control Act Section 8(b) Inventory No information available

For Confirmation of the European REACH status Contact Industrial Adhesives Australasia for additional information

##### International Regulations

**Ozone-depleting substances (ODS)** Not applicable

**Persistent Organic Pollutants** Not applicable

**Export Notification requirements** Not applicable

### Section 16 - Other information

#### History

**Date of issue** 28/05/2018

**Date of previous issue** 28/05/2018

**Version:** 1

**Prepared by** X-Press Graph-X Supplies Pty Ltd

#### Key to abbreviations

##### Legend Section 8 EXPOSURE CONTROLS/PERSONAL PROTECTION

**TWA** = Time Weighted average STEL STEL (Short Term Exposure Limit)

**Ceiling** = Maximum Limit Value \* Skin designation

**C** = Carcinogen

**ATE** = Acute Toxicity Estimate

**BCF** = Bio concentration Factor

**GHS** = Globally Harmonized System of Classification and Labelling of Chemicals

**IATA** = International Air Transport Association

**IBC** = Intermediate Bulk Container

**IMDG** = International Maritime Dangerous Goods

**LogPow** = logarithm of the octanol/water partition coefficient

**MARPOL** = International Convention for the Prevention of Pollution From Ships, 1973 as modified by the Protocol of 1978. ("Marpol" = marine pollution)

**UN** = United Nations

#### Notice to reader/Disclaimer

To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein.

Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
